

## Looking for a Housemate

Looking for a male between the ages of 21 and 35. We are a couple of chill, friendly guys that live a peaceful, harmonious life – we are looking for a “PG” rated housemate that is cooperative and respectful. We eat dinner together most nights and share household chores. Our staff help us to do things that we can’t do independently. We have diverse interests and mostly like to do our own thing during free time. We both are mostly out of the house during the day.

-----

You will have your own bright, good-sized bedroom with private full bath in a home in a friendly, safe West Irondequoit neighborhood close to the zoo – we can hear the lions roaring at dinnertime! We are a one block walk to a bus stop, a mile to grocery and other shopping.

We share the use of the living room, kitchen, rec room (with table tennis and air hockey tables!), porch and large yard. Unfortunately, our house is not wheelchair accessible, so it isn’t a good choice for people with mobility challenges.

-----

We are looking for someone that needs 24/7 staffing, but will consider individuals that can be independent overnight. Must pay for services via a self directed budget using Trinity Assistance as your fiscal intermediary. House is currently fully staffed with an awesome team of experienced people. We have a great routine that keeps things running smoothly. Don’t worry if there are things you can’t do independently – there is always a staff person around to help! New housemate would only need to find staff for times they need 1:1 support.

-----

**MUST LOVE DOGS!** We have two medium-sized, friendly dogs that keep us company. Do you have or want a pet? That can possibly be arranged...

-----
