

Seeking 1 or 2 Roommates to share Quaint Ranch Home in Penfield with Active Young Lady!

Rachel is a 26 year old young lady with a very supportive family. Her and her parents have chosen to self-direct her services. Rachel's parents purchased a beautiful ranch style home in Penfield where Rachel is currently able to reside 3-4 nights a week. Rachel's family is interested in having Rachel share this home with 1 or 2 more ladies so that Rachel can develop meaningful peer relationships, share staffing, and possibly offset some of the maintenance costs. Rachel currently receives Community Habilitation and Respite services. Rachel is non-verbal but does communicate using sign language, gestures, facial expressions, and some verbalizations. She enjoys music, dancing, watching movies, picture books, going to parks, the zoo, going to stores in the community, and rides on her golf cart. Rachel enjoys being active and is often up and about helping out at home.

Rachel has some very caring and dedicated staff but would love to also develop some friendships with her peers! She requires 24 hour supervision and assistance with self-care so her family feels that Rachel would do best with a roommate who likes to be active, may be need minimal assistance with self-care and whose supervision is possibly Range of Hearing or Known Whereabouts within the home. Rachel would do best with a roommate who is tolerant of others and likes to be helpful. The individual would need to be comfortable with having the refrigerator locked, but staff would allow that individual access at their request. The home is located in Penfield off Rt. 250.

If interested please contact Amy Weiner at (585) 455-1978.
